# COMPANY OVERVIEW

## About Us

Welfull group was established in 1993, with an annual operating income of over 5.6 billion yuan. It has invested in multiple representative projects such as Pute Medical, Anren Co., Ltd., Dongding Electronics, Hancheng Technology, Muxing Intelligence, Huakang Biology, Zhongwei Navi, and Weishide Laser. It is a professional institution with strong characteristics of industrial and financial capital in Zhejiang Province. Weltrus is a modern group company with core advantages in photovoltaic, new energy vehicles, and energy storage applications, committed to promoting the development of clean energy and green technology. Adhering to the development philosophy of market-oriented, customer-centric, and supply based, we continuously promote technological innovation and product upgrades, and provide global users with higher quality, efficient, and environmentally friendly clean energy solutions.

## Company Qualifications

We have qualifications such as Level 3 general contracting for water conservancy and hydropower engineering construction, Level 1 general contracting for power engineering construction, no classification of construction labor, Level 1 professional contracting for building mechanical and electrical installation engineering, Level 2 professional contracting for lifting equipment installation, Level 2 professional contracting for fire protection facilities engineering, Level 2 professional contracting for power transmission and transformation engineering, and Level 2 professional contracting for waterproof, anti-corrosion, and insulation engineering.

### • Construction Enterprise Qualification Certificate

### • Safety Production License & Electric Power Facility Installation (Repair, Testing) License

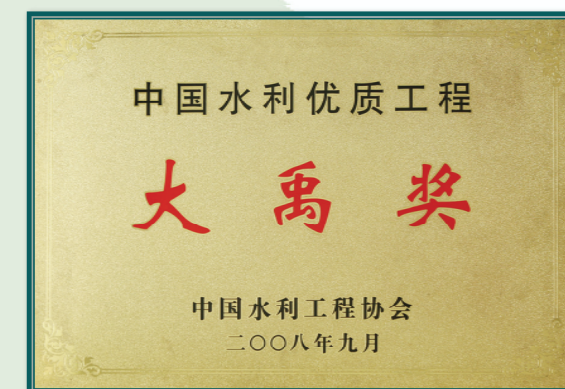

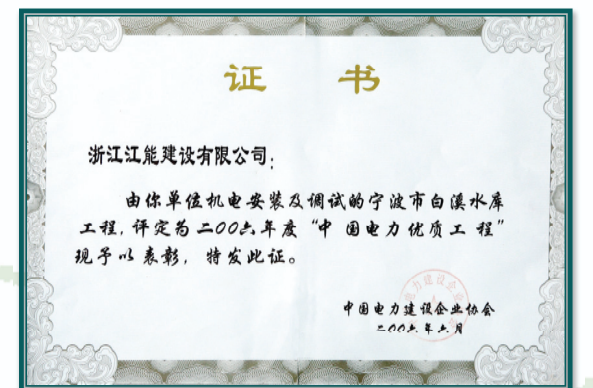

### • Management System Certification Certificate

## Award Situation

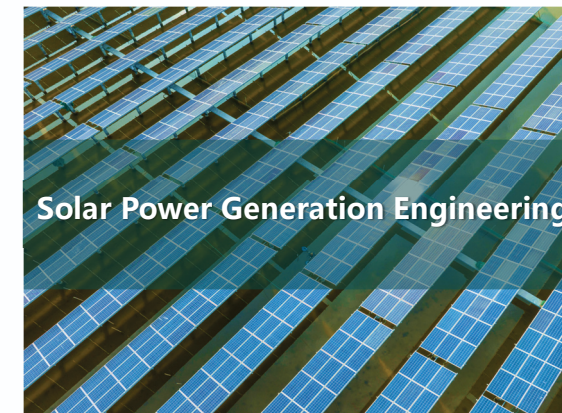

# PROJECT EXPERIENCE

## Business Overview

Our company's new energy engineering technology level (especially the technical level of water photovoltaic engineering) is at the leading level in the same industry in China, and we have completed more than 1000 substations with a maximum voltage level of 500kV; Nearly 5000km of transmission lines; The highest voltage level reaches 330kV; More than 100 photovoltaic and wind power generation projects with a capacity of nearly 3000MW.

Solar Power Generation Engineering

Wind Power Generation Engineering

Installation of Transmission and Substation Project

Testing and Commissioning of Transmission and Substation Project

Energy Storage Project

## Project distribution

### • Domestic

Zhejiang, Anhui, Jiangxi,  
Jiangsu, Shanxi, Xinjiang,  
Guizhou, Guangdong,  
Guangxi

### • Abroad

Vietnam, Ukraine, Thailand,  
Nepal, Pakistan, Philippines,  
Laos

## Project Cases

• Shenneng Gaoyou East (100MW) Wind Power Project, Wind Turbine Lifting

• Vietnam Da Mi (DA MI) 47.5MW Floating Solar Power Plant Project

• Vietnam Dau Tieng (DAU TIENG) 630MW Solar Power Plant Project

• Vietnam 220kV YANG TRUNG Substation Project

• Philippines San Marcelino 384MW Solar Power Plant Project

• Philippines Nexif Care 74.1MW Solar Power Plant Project

• Ukraine FAS 54MW AC Solar Power Plant Project

General Contracting Project

No.	Project Name
01	Changshan "Agriculture + New Energy" 100MW Solar Power Project EPC General Contracting
02	Heilongjiang Huachuan Energy Storage Wind Power Project EPC General Contracting
03	Datang Chongqing Energy Marketing Company Tongliang Huaiyuan 100MW/200MWh Energy Storage Station Project EPC General Contracting
04	Jinyun Huzhen 70MWp Agricultural Photovoltaic Complementary Power Project
05	Qinghai Haixi Baoku Energy Storage Station Project EPC General Contracting
06	Xinchang High-Tech Park Energy Storage Project (Phase II)
07	Ningbo Shepantou Photovoltaic Power Station EPC General Contracting
08	Wenzhou Oujiang Water Diversion Project Ferry Pump Station Connecting 220kV Yuteng Substation 35kV Transmission Line Project EPC General Contracting
09	State Power Investment Corporation Yixing Yinhuan Smart Energy Co., Ltd. Yangxiang 220kV Booster Station and 35kV Collection Line EPC General Contracting Project
10	Weizhou Terminal Base Distributed Solar Power Project Design, Procurement, Construction, Installation, and Commissioning Turnkey Project
11	Zhejiang Huadian Quzhou Changshan Xinchang 100MW Solar Power Project PV Farm Construction Installation Engineering Lot II
12	Guizhou Huadian Liupanshui Water Investment Company Distributed Solar Power Project EPC General Contracting
13	Enshi Chuanhua Highway Port Logistics Co., Ltd. 5342.58kWp Distributed Roof Photovoltaic Power Project
14	Yuyue Distributed Solar Photovoltaic Power Project
15	Zhejiang Traffic Technician College East Expansion Project (Phase I) Distribution Capacity Expansion Project
16	Zhejiang Huadian Qujiang Hunan County 120MW Agriculture-Photovoltaic Complementary Solar Power Project 220kV Booster Station Construction and Installation
